THE PROJECTS

1. UPGRADING OF SHEEP AND GOAT (KALAHARI) HOUSES-(LOT 1)
2. UPGRADING OF LAYERS, COCKERELS AND GROWER HOUSES-(LOT 2)
3. UPGRADING OF LABORATORY (PLANT BREEDING/SEED STORAGE LABORATORY)-(LOT 3)
4. REPLACEMENT OF EXISTING SCREEN HOUSE (LOT 4)
5. SUPPLY OF 1NO. 75HP, 2WD TRACTOR WITH IMPLEMENTS (LOT 5)
6. SUPPLY AND INSTALLATION OF 1NO. SOUND PROOF DIESEL ENGINE 50KVA GENERATOR (LOT 6)

PREAMBLE

The above listed CEADSE projects were advertised in the DAILY TRUST and THE NATION Newspapers of Monday 3rd July, 2017 as well as the Federal Tenders Journal (Periodical Journal) on Monday 10th July, 2017. All the adverts are to closed on Monday 14th August, 2017.

Barely, two (2) weeks after the advertisement the Bureau of Public Procurement directed that:

- 1) the closing date should be extended because of the Federal Tenders Journal was in short of six (6) weeks by one (1) week;
- 2) the Tender Fee should be reduced from Twenty Thousand Naira (₦20,000.00) to Ten Thousand Naira (₦10,000.00) and that the excess amount paid should be refunded to bidders who already responded;
- 3) the procedure to follow should be prequalification (opening of the Technical Bids only at the closing date while only the Financial Bids of the successful bidders would be opened after the Technical Bids Evaluation has been completed and the Financial Bids of the unsuccessful bidders be returned {unopened) as against the post qualification procedure (opening of both the Technical and Financial bids at the closing date) that was directed and approved by the World Bank and
- 4) that submission of Tax Clearance Certificate is valid enough as proof of VAT Registration and Remittances.

The corrigendum to amend the publication as directed by the Bureau of Public Procurement was published on Friday 11th August, 2017 and the new closing date was extended to Thursday 31st August, 2017.

Technical bids were opened on 31st August, 2017 and thereafter evaluated for the purpose of pre-qualification. The Technical Evaluation was a little bit delayed because we did not receive prompt responses from the Agencies that were to verify the authenticity of the documents submitted by the bidders. Upon the completion of the prequalification exercise the Financial Bids of the successful companies were opened on 2nd November, 2017 while the Financial Bids of the unsuccessful bidders were returned unopened. The report of the Technical Bid Evaluation is attached.

Consequent upon the above, the Financial Bids of the successful bidders were evaluated immediately after the opening by the Technical Evaluation Committee. The bidders with the lowest evaluated responsive bids but with arithmetical errors were contacted through mails to confirm and verify the errors before the conclusion of the exercise. All of those concerned gave positive responses to the arithmetical errors before the recommendation of the committee. The Bid Evaluation Committee forwarded the reports of both the Technical and Financial Bids evaluations to the Procurement Planning Committee on lot by lot basis as stated below:

LOT 1: UPGRADING OF SHEEP AND GOAT (KALAHARI HOUSES)

OBSERVATIONS ON THE RECOMMENDATION ON LOT 2:

- the Procurement Planning Committee observed that:
- the Contract has been awarded lot 1;
- the Contractor has not previously done any job for the University;
- the tender figure of BOASIS Company Limited recommended by the Bid Evaluation Committee and the next responsive bidder Messrs GUFFCON International Limited was very close to each other with just a difference of Five Hundred and Ninety-Four Thousand, Seven Hundred and Fifty-One Naira Fifty Kobo (N594,751.50) only;
- =time is of essence in the completion and handover of the project therefore delay would not be entertained and
- the world Bank Project Verifiers will soon visit the CENTRE.

PROCUREMENT PLANNING COMMITTEE'S DECISION

The Procurement Planning Committee after much deliberation on both the technical and financial reports submitted by the Bid Evaluation Committee unanimously reverse the recommendation of the Bid Evaluation Committee based on the observations stated above and recommended that the contract be awarded to the next responsive bidder.
