Member, UNAAB Consultancy Team for the Design and Formulation of Project Document for National Agricultural Land Development Authority (NALDA), Oke-Ako/Irele Project in Ondo State, Nigeria. Member, Curriculum Development and Planning Committee, University of Agriculture, Abeokuta,. Member, Appointment and Promotions of Academic Staff (APCAS) Committee, Federal University of Agriculture, Abeokuta.

Citation of the Deputy Programme Leader

Dr Obayelu A.E is a seasoned scholar with over 10 years of experience in teaching, research, community service and consultancy. He has a PhD in Agricultural Economics from University of Ibadan, Nigeria and lectures at the Federal University of Agriculture, Abeokuta, Nigeria. He is currently the Deputy Programme Leader, Agricultural Economics and Environmental Policy, CEADSE, FUNAAB. His research foci are Agricultural Development, Policy and Consumer Economics. These research foci provide a robust rationale for collaboration and multidisciplinary approaches in enquiry which have led him to participate as either a team member (Agricultural and Food Economist) or principal investigator in a number of funded research and consultancy works. He has played one or more roles in the conceptualization and design of research, facilitation of field work and data collection, data analyses and report writing, facilitation of stakeholders meeting, liaison with government officials of the Federal Ministry of Agriculture, agencies and Non-Governmental Organization (NGOs) for possible mainstreaming of research projects and findings into agricultural development policy of Nigeria. Some of the research collaborations include: Michigan State University-Agricultural Policy Research in Africa (MSU-APRA) research on pathways to agricultural commercialization in Africa; socio-demographic changes and potential impact on nutrition in Africa (project on Sustainable Nutrition for Africa in the Years to Come (SUNRAY)); incentivising adoption of climate smart practices in cereals production in Nigeria: Socio-cultural and economic diagnosis, funded by ECOWAS-RAAF and PASANAO; livelihood impacts of improved on-farm water control in sub-Saharan Africa, funded by IWMI, Sri Lanka; impact evaluation of Nigerian Dairy Development Program in Oyo and Kano States by Afridev Path International, sponsored by Bill & Melinda Gates Foundation; impact assessment of GEP3-Cash Transfer Program by CAPRA, Canada, sponsored by UNICEF, Nigeria; diffusion strategy of Green Technology and Green Industry in Africa,

sponsored by the United Nations University-Maastricht Economic and Social Research and Training Centre on Innovation and Technology (UNU-MERIT); diffusion and agricultural transformation: the case of NERICA in Nigeria, funded by African Growth Initiative, Brookings Institution in collaboration with the Nigerian Institute of Social and Economic Research, Nigeria; competitive grants and commissioned research schemes funded by Tertiary Education Trust fund (TETFund).

Dr Obayelu was a Ph.D. Doctoral Research Thesis Writing awardee of the African Economic Research Consortium (AERC), Kenya and International Development Research Centre (IDRC), Canada in 2009 and had benefitted from several travel grants from different organizations such as: African Growth & Development Policy (AGRODEP) Consortium, UNICEF, United Nations University Institute for Natural Resources in Africa (UNU-INRA), Nigeria, Institute of Labour Economics (IZA), Research and Innovation Network for Europe and Africa (RINEA), to mention just a few. Dr. He is a member of African Growth and Development Policy (AGRODEP) Impact Evaluation Network (AIEN), Nigerian Association of Agricultural Economists (NAAE), Nigerian Association of Evaluators (NAE) and the editor of the book “Food Systems Sustainability and Environmental Policies in Modern Economies” published by IGI International, USA in 2018. He has over 70 publications in reputable local and international peer-reviewed journals and more than 12 chapters in books beside conference proceedings.
